5.8 g/L total acidity  
3.65 pH

#### WINEMAKING

natural yeast  
natural malolactic  
unfined  
unfiltered

#### WINEMAKER

John Williams

#### ABOUT THE WINE

The same cool harvest temperatures that delayed maturity and got soft-skinned varieties in trouble with rain provided excellent conditions for the tough Cabernet Sauvignon. Napa Valley winemakers hold the 1989 Cabernets in high regard for their classic structure.

The 1989 Frog's Leap Cabernet follows in a great tradition of deeply scented, intensely fruity, finely balanced, flavorful wines. The 1989 fruit character is definitely in a brambly, black cherry mode with very tight yet surprisingly deep flavors. The wine is clearly destined to improve over the long run.
