ABOUT THE WINE

The 1990 vintage yielded fabulous fruit with a remarkable diversity of aromas, the hallmark of a fine Zinfandel. Our 1990 Frog's Leap Zinfandel has an exotic summer berry spiciness that transports you to the South of France and then brings you back with zesty, lively flavors that can only be Californian.

Organically grown grapes join with natural yeast and malolactic fermentation to produce a totally fresh, fruity wine. Aging for nearly two years in small barrels provides the complex and supple flavors we relish.
