## FROG'S LEAP

2020 CABERNET SAUVIGNON  
ESTATE GROWN – RUTHERFORD, CA

91

“Aromas of crushed herbs, sliced plums, blackcurrants and violets. Full-bodied with powdery tannins.

Bright acidity pairs nicely with the fresh red fruit on the palate. Could use another year to come together. Best after 2023.”

## DRY-FARMED AND ORGANICALLY GROWN

**OUR CABERNET STORY** For decades, it has been our goal to produce a Rutherford AVA, estate-grown Cabernet Sauvignon. Inspired by the early Cabernets of Inglenook and Beaulieu Vineyard, we've spent the past 20 years finding, farming, and obtaining highly sought-after land in Rutherford — with particular attention to the Rutherford bench — to perfect our craft. Years of effort with organic viticulture, dry farming and minimal cellar intervention yield a wine that could not be produced outside of the ten square miles that define its appellation. — *John & Rory Williams*
