

CABERNET SAUVIGNON
ESTATE GROWN
RUTHERFORD NAPA VALLEY

2018

93 PTS - "Beaming and pure, with aromas of fragrant red fruits, fresh flowers and a pleasant hint of ash. Elegant and bright on the palate, with a finely-drawn, precise acidity. Frog's Leap has always placed itself among producers that champion precision and elegance, and the 2018 is a particularly crystalline example of this."
- Decanter, November 2020

2017

95 PTS - "The 2017 Cabernet Sauvignon is such a gorgeous wine. In 2017, the Frog's Leap Cabernet has a bit more depth and richness, as it often does in warmer years. Cedar, tobacco, mint and sweet red cherry are all pushed forward in a succulent Cabernet with tons of character that still retains its super-classic, mid-weight feel. Time in the glass brings out the wine's aromatic nuance and silkiness. The Frog's Leap Cabernet remains an under the radar gem in today's Napa Valley." - Vinous by Antonio Galloni, January 2020

90 PTS - YEAR'S BEST US CABERNETS & BLENDS - Wine & Spirits, December 2019

2016

92 PTS - SILVER MEDAL - DECANTER WORLD WINE AWARDS, May 2019

93 PTS - "The 2016 Cabernet Sauvignon Estate Grown from Frog's Leap is dark, bold and luscious, with generous dark cherry, plum spice, leather. Forward and supple, the 2016 will drink well right out of the gate, and yet it also has enough freshness to age nicely for a number of years. This is a positively joyous Cabernet Sauvignon from Frog's Leap." - Vinous by Antonio Galloni, October 2018

2015

94 PTS - "Succulent black cherry, plum, lavender, spice and new leather all flesh out in the glass, but it is the wine's exceptional balance that makes the deepest impression. Even better, this is one of the very finest values in Napa Valley Cabernet Sauvignon readers will come across." - Vinous by Antonio Galloni, March 2018

91 PTS - "earthy tannins of cabernet...luscious vintage to serve with filet mignon." - Wine & Spirits, April 2018
