FROG'S LEAP

2021 CABERNET SAUVIGNON
ESTATE GROWN – RUTHERFORD, CA

95
POINTS

Dry-farmed Cabernet Sauvignon and Cabernet Franc grapes are aged 20 months in mostly neutral French oak barrels.

Unfined and unfiltered. A rather dark, meaty, and savoury expression from this iconic Rutherford Estate helmed by founder and proprietor John Williams. Opaque ruby in colour shows black olive, dusty earth, and graphite. Medium-bodied and intensely perfumed on the palate, wit builds in elegance, almost defying its rather muscular aromatic profile. Fresh, balanced, quite complex, and quite cellar-worthy.

DRY-FARMED AND ORGANICALLY GROWN

OUR CABERNET STORY For decades, it has been our goal to produce a Rutherford AVA, estate-grown Cabernet Sauvignon. Inspired by the early Cabernets of Inglenook and Beaulieu Vineyard, we've spent the past 20 years finding, farming, and obtaining highly sought-after land in Rutherford — with particular attention to the Rutherford bench — to perfect our craft. Years of effort with organic viticulture, dry farming and minimal cellar intervention yield a wine that could not be produced outside of the ten square miles that define its appellation. — *John & Rory Williams*
